

Geotechnical & Environmental Services Names Amanda Sumner Environmental Staff Scientist

Geotechnical & Environmental Services, Inc. (GES) president Greg DeSart announced Amanda Sumner has been named Environmental Staff Scientist for the GES Las Vegas office. In her position Sumner will be responsible for geologic logging, sampling and technical reports.

“Sumner is a great asset to our company. Her education and experience enable her to make significant contributions to GES,” said DeSart.

GES is a full-service, southern Nevada engineering firm focusing on geotechnical, environmental, materials testing and construction inspections. In addition, the company offers drilling support for the design, construction and maintenance of public infrastructure and private development. GES is regularly recognized as one of the best companies to work for.
